

# AIMS AND OBJECTIVES

## **Aims:**

- To work towards common ownership of land.
- To bring together a culturally diverse community of people who will work towards the aims and objectives, in a creative and cooperative way,
- To establish environmental and ethical policies, and a sound business plan, that will guide us towards good stewardship of the land and maintain a healthy balance of nature and people.
- To establishing a social, economic and environmentally sustainable lifestyle on the land.
- To facilitate workshops on traditional crafts and current technologies and create unique and inspiring low impact architecture.
- To facilitate workshops in all kinds of visual, musical and healing arts.
- To network with, and promote Land Roots amongst, the growing environmental, holistic, and creative community, through the Land Roots web site.
- To fund raise by selling Eco-Shares in the Land, and in any other ethically sound way.
- To offer holistic healing retreats and seasonal gatherings on the land.

## **Objectives:**

- To be able to offer many people a home from home, a space to relax, enjoy, ground themselves, and share in the pleasures and responsibilities this lifestyle has to offer, inspiring a sense of belonging and longevity.
- To develop the Land as a showcase of ecological design and sustainable community living.
- To give ourselves space to nurture our true creativity, explore our real potential and live our lives authentically, in mutual respect and peace.
